Wireklint et al. [16]	Måttlig	Låg	Låg	Låg	Låg	Låg	Måttlig

*Artiklarna utgår från samma studie och rapporterar olika utfallsmått.

**Artikeln använder samma studiematerial som Lin et al 2015. Eftersom artikeln av Lin et al 2017 använder ett lämpligare patienturval och fler analyser, exkluderas Lin et al. 2015 från resultaten.

RCT

Studie	1. Randomisering	2. Avvikelser från planerade interventioner	3. Bortfall	4. Mätning av utfall	5. Rapportering	6. Jäv	Sammanvägd RoB
Uijen et al. [17]	Låg	Måttlig	Låg	Måttlig	Låg	Låg	Måttlig

Bilaga till rapport

Kontinuitet i vården / Continuity of care,
rapport 329 (2021)
